

B11R Small Control Panel Enclosure

www.boschsecurity.com

BOSCH
Invented for life

- ▶ Easy to install standoff locations for mounting supporting modules
- ▶ Made with cold-rolled steel with a red matte finish for fire applications
- ▶ Easy access mounting locations for optional transformers

The B11R Small Control Panel Enclosure is a red enclosure made of cold-rolled steel that is 0.7 mm (23 gauge) thick. It houses many different Bosch control panels and modules. The enclosure holds one battery (up to 7 Ah).

It is compatible with the following accessories:

- **D101 Lock and Key Set.** Standard lock set with one key supplied. Uses the D102 (#1358) replacement key.
- **D110 Tamper Switch.** Screw-on tamper switch that fits all enclosures. Shipped in packages of two.
- **ICP-EZTS Dual Tamper Switch.** Combination tamper switch with a wire loop for additional tamper outputs.
